nGenius™ Tracker
The Next Generation of Smart Instruments
Smaller and Smarter

The new nGenius Tracker is smaller, lighter and provides a higher degree of visibility within the surgical field than the previous generation of tracker. Developed to meet the needs of the surgeon, this next generation of Smart Instruments is ergonomically improved while still delivering the unparalleled accuracy you have come to expect from Stryker.

nGenius Tracker (6000-014-000)

- 60% Greater Visibility*
- 47% Lower Profile*
- 29% Lighter*
- Machine Washable
- Flexible – compatible with SpineMap 3D 2.0, OrthoMap 3D 2.0, iNtellect Cranial 1.1 and iNtellect ENT 1.1 delivering cross-platform functionality and utility

* Compared to our existing Universal Tacker

The information presented in this brochure is intended to demonstrate a Stryker product. Always refer to the package insert, product label and/or user instructions before using any Stryker product. Products may not be available in all markets. Product availability is subject to the regulatory or medical practices that govern individual markets. Please contact your Stryker representative if you have questions about the availability of Stryker products in your area. Stryker Corporation or its divisions or other corporate affiliated entities own, use or have applied for the following trademarks or service marks: Formula, Xia, nGenius, SpineMap, OrthoMap, and Stryker.
